SAMPLE COOLER

Designed
for use in
High-Purity
and
Sanitary
Environments

Flex-Rite

*Assembly Types Radial Crimp, Molded,
Reusable Connectors*

R- Series FDA/3-A - Rubber Hose

F- Series FDA - Food Grade Hose

T- Series FDA - USP Class VI Fluoropolymer Lined Hose

S- Series FDA - USP Class VI Silicone Hose

A- Series Specialty Tubing

P- Series PVC Hose

I- Series Industrial Hose (Washdown & Steam)

Specialty Molded, Jacketed Hose

Reusable Assembly Accessories

Hose Supports, Bumpers

Patented 3A standard certified crimped connectors

*To recommend the correct hose we use the
S.T.A.M.P. E.D. acronym*

S = Size of hose (I.D.)

T = Temperature (both for product transfer and cleaning)

*A = Application (What will the hose be used for, How will it
be used, Where will the hose be used, when will it be used)*

M = Media (material being transferred)

P = Pressure (both for product transfer and cleaning)

E = End Connections (type and alignment)

*D = Delivery (when is it needed, any special packing
requirements)*

MIXING SOLUTIONS

Zero-g

Magnetic Mixer
For General Mixing
Application

High Shear

Magnetic Mixer
For Emulsification and
High Shear Applications

High Power

Magnetic Mixer
For Powder and Vigorous
Mixing Applications

ZF-Free Floating

Magnetic Mixer
For Low Shear
Applications

Zero-g Plastic

Magnetic Mixer
For Chemical
Applications

Dished End

Mixing Optimised
for Smaller Vessels

Zero-g Biomixer

Excellent gentle mixing
for bioreactors

Entry level CIP / SIP Pump.

FILLING AND WASHING NEEDLES

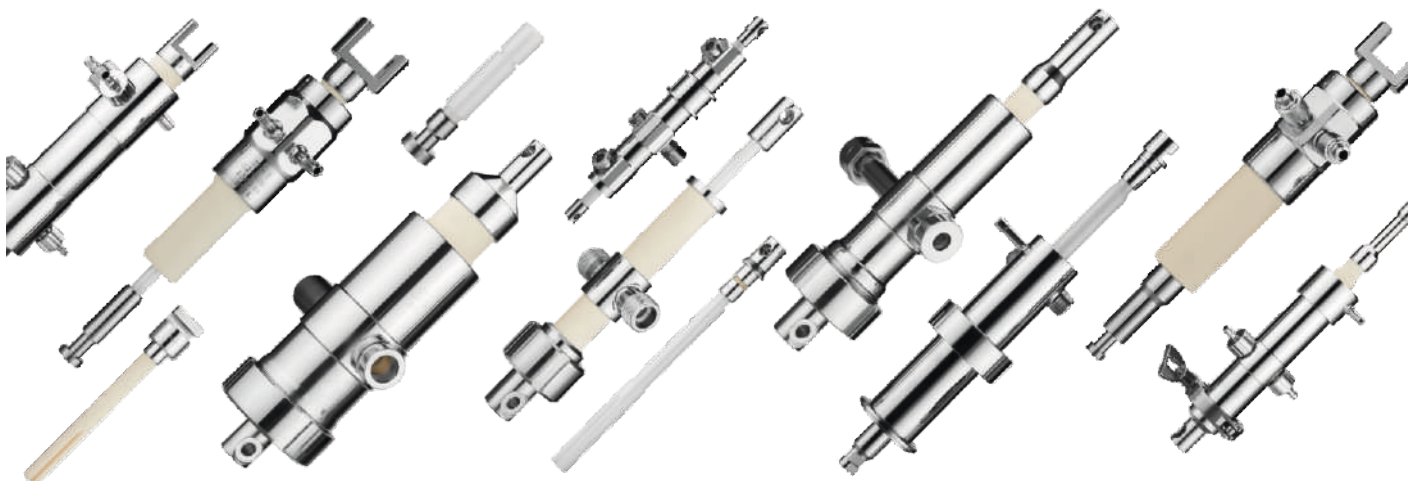

Aggi a becco di flauto
Anti-drip flute tipped needle

Aggi con punta a cucchiaio
Anti-drip scoop tipped needle

Aggi in Peek elastico e auto-cleante
Auto-cleante elastomeric Peek filling needle

Aggi in Peek a becco di flauto
Plastic Peek filling needle with anti-drip

CERAMIC PUMPS

METAGLAS® Improved Safety, Constructive Solutions and Simplified Fitting with Metal Fused Sight Glasses

Type 80

Metaclamp-sanitary clamp fitting

Type 80.XCON

Metaclamp for flush mounted XCON-Connect

Type 99.NA

METAGLAS® for NA-Connect Fitting

Type 80.ESL25

Metaclamp with ESL25-Ex Luminaire

Type 80.USL33

Metaclamp with USL33 Luminaire

Type 80.USL05

Metaclamp for Sanitary Application & Explosion Proof Luminaire

Type 99.TUC.USL33

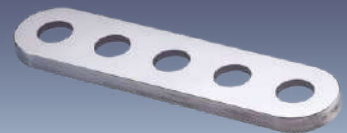

METAGLAS® with Luminaire for Varivent-In-Line-fitting

Type 99.ZIM

Pressure cover with integral METAGLAS® sight Glass

Type 99.LSG

METAGLAS® elongated sight Glass

LIGHT FITTINGS

High-quality light fittings and timers, made of stainless steel or aluminium, for either [Ex] or non-[Ex] applications

SIGHT GLASSES (VETROLUX®)

High-quality sight glasses, made of steel or stainless steel, with a variety of flange, glass, and gasket materials

CAMERA SYSTEMS

High-quality digital cameras, made of stainless steel, for either [Ex] or non-[Ex] applications

[Ex] light fittings

Non-[Ex] light fittings

Product series nanoEx (LED)

[Ex] light fitting
(with stainless steel housing)

Product series MVLR (LED)

Non-[Ex] light fitting
(with stainless steel housing)

Product series EdelEx (LED)

[Ex] light fitting
(with stainless steel housing)

Product series BKVLR (LED)

Non-[Ex] light fitting
(with stainless steel housing)

Product series fibroLUX E (LED)

[Ex] light fitting
(with stainless steel housing)

Product series KLR (LED)

Non-[Ex] light fitting
(with stainless steel housing)

Product series HLMR (LED)

Non-[Ex] light fitting
(with polished stainless steel housing)

Product series SKLR (LED)

Non-[Ex] light fitting
(with stainless steel housing)

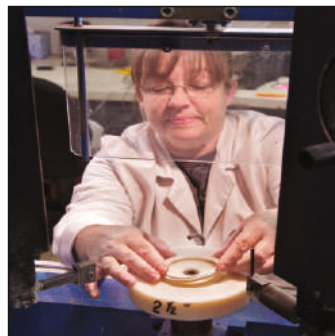

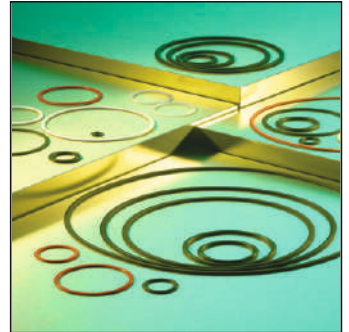

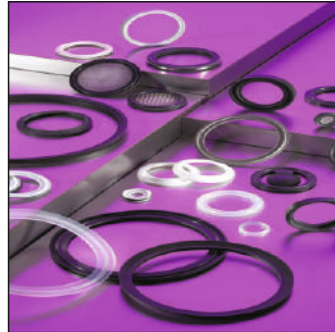

PHARMACEUTICAL BIOTECHNOLOGY TUBE & FITTINGS

FDA & USP Class VI GASKETS & "O" RINGS

EPDM / PTFE / SILICONE / PTFE & EPDM / SILVER BACK

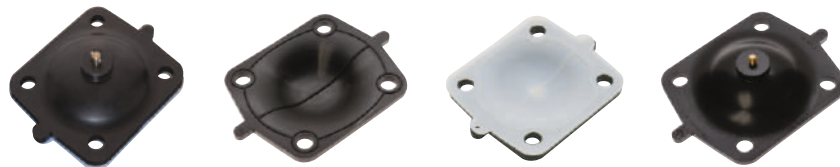

Replacement Diaphragms for

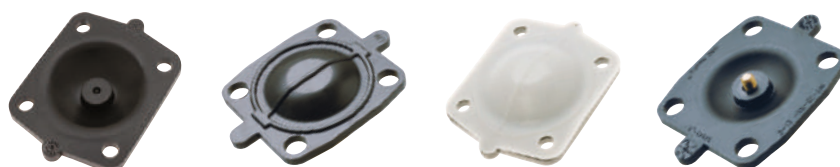

GEMU Valve

Saunders Valve

ITT Valve

Customised Manifolds, Filter Housings, Instrument Tee,
Aseptic Connectors, Metallic Blocks, PTFE Block, Reusable Connectors.
